

2021-22 SCHOOL YEAR PROTOCOLS FOR CONTROLLING COVID-19

PERSONAL | PASSIONATE
PROGRESSIVE

Protocol for Employees

* Per CDC, exposure is close contact of 6-feet or less for 15 minutes or more. This is cumulative in a 24-hour period.

** Home testing options, which are collected at home, should be sent to a laboratory, done through a mobile application, or monitored by a medical provider.

*** If the employee has had a positive test within the previous 90 days, no action is required.

Employees who are fully vaccinated and asymptomatic do not need to quarantine if exposed to a positive COVID-19 case. If vaccinated employees are symptomatic, follow #2. If vaccinated employees are COVID positive, follow #3.

STAY

If students feel sick or see symptoms of sickness stay home or send home. Students waiting on test results should stay home as well.

WEAR

Students are required to wear masks as a mitigation measure, however, parents may opt their student out of this requirement if they wish.

CLEAN

Schools will continue to encourage routine cleaning of classrooms and high-traffic areas.

WASH

Students will continue to be encouraged to practice routine handwashing throughout the day.
